Product highlights

Flexible PVC Jacket

Flexible PVC jacket provided protection to the delicate core of the cable. It also offers extended durability and ease of installation.

Lead-free construction

Lead-free construction of environmentally friendly materials.

Rubber strain relief

Rubber strain relief provides a secure, yet flexible juncture between the cable and the plug.

Braided shielding

Copper braided reinforced aluminum shielding protects against signal loss and interference.

Easy grip

This non-slip grip makes connecting your components easy and ergonomically comfortable.

Metal shell

The metal shell protects the internal connection of the cable. It ensures durability and the reliability of your connection.

Plug & Play

Plug & Play gives you the ability to install or add a new component and have it work without having to perform any complex installation procedure or technical analysis.

24 carat gold-plated connector

24 carat gold-plated connectors ensure the best signal quality for your components.
